

Holiday Fireplace Mantelpiece Fibers and Embellishments

The following list will assist you in gathering the threads and embellishments needed to complete all three panels of Rebecca Wood's "Holiday Fireplace Mantelpiece" as stitched by Cynthia Thomas. The mantelpiece instructions are found in the September 2007, November 2007, and January 2008 issues of *Cross-Stitch & Needlework*® magazine (one panel in each issue). Materials are listed by company, fiber/embellishment type, and color number. One skein, card, spool, or bead pack was used for the materials in model unless otherwise indicated in parentheses. Please note this is a guide only; amounts needed may vary depending on how loosely you stitch.
